

Integrations for  
**Smart Shading Solutions**

**somfy**®

When you connect products powered by Somfy, rest assured that we've worked directly with our manufacturer partners to help make integration simple, safe and secure. Our **Somfy Synergy™ API** and available certified drivers make it easier than ever to integrate motorized shading with third-party control systems regardless of technology or brand. We have solutions to fit all project needs, regardless of shade specifications, power or technology requirements.
