

# Somfy Intelligent Network Solutions

Intelligent Solutions for Automated Window Coverings and Projection Screens

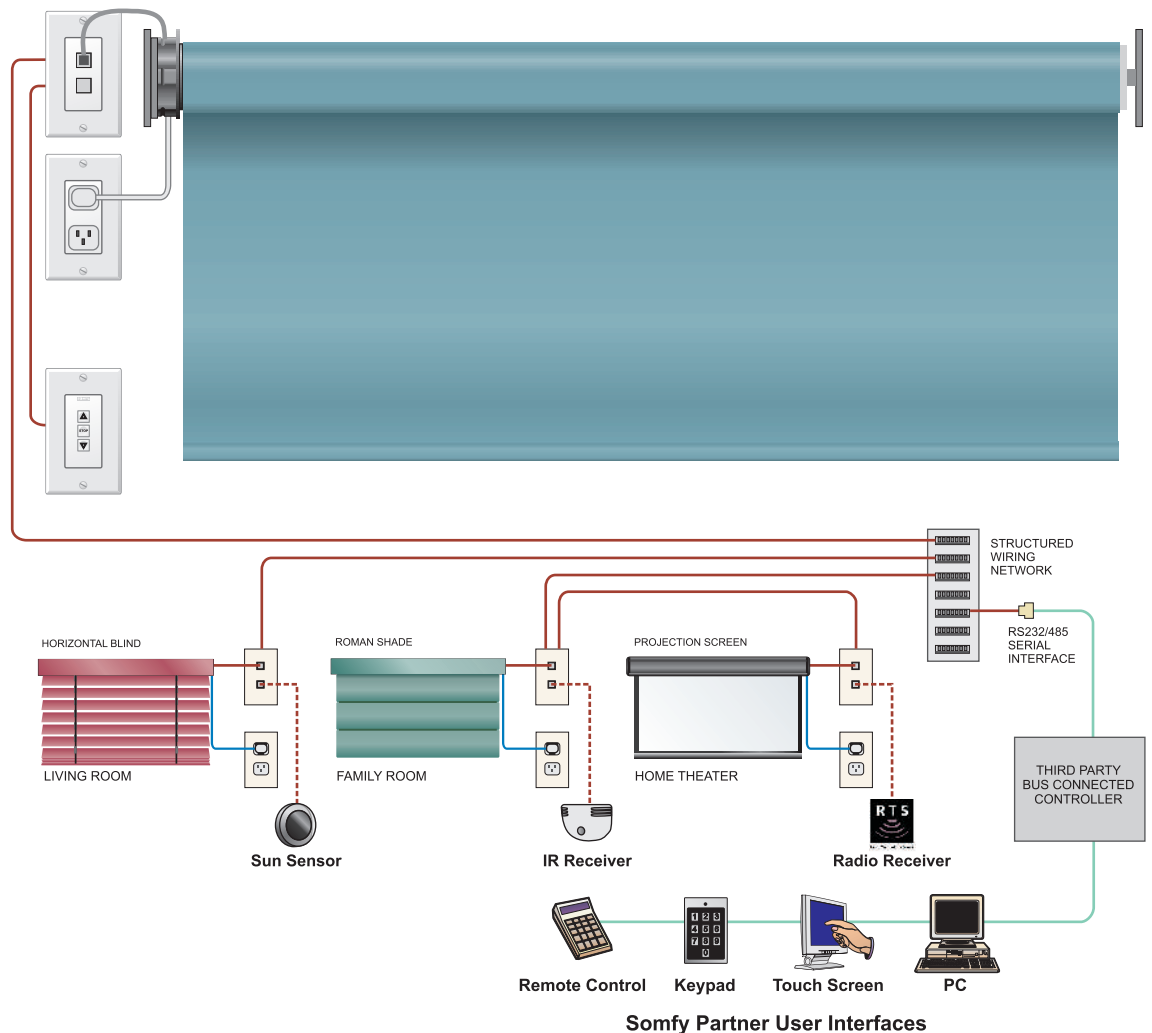

Somfy continues its leadership role with the introduction of the next generation ILT™ motor and animeo™ intelligent motor controllers for automated interior window coverings and projection screens.

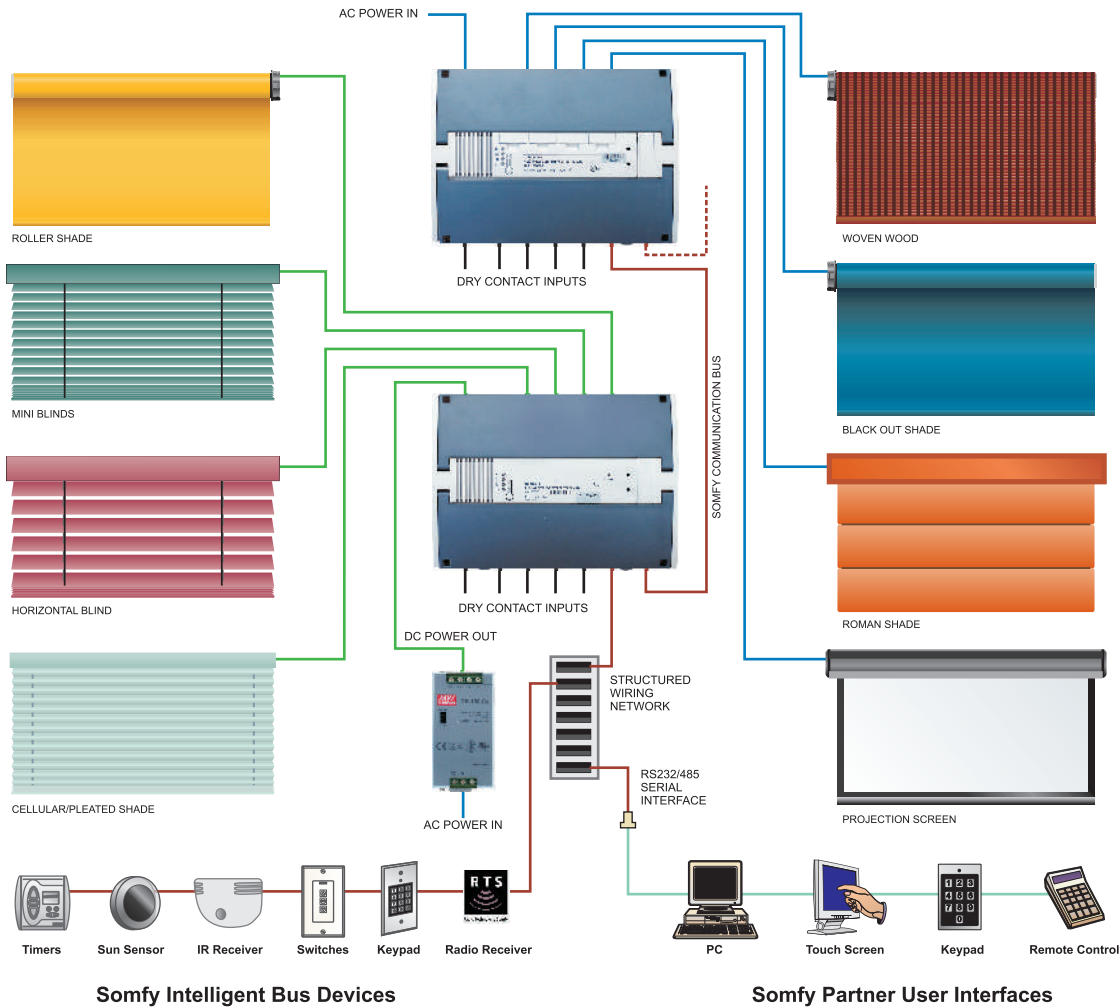

**Addressability:** Each ILT™ motor and animeo™ controllers incorporate a unique ILT network address for selective control of individual motors.

**Networkability:** All ILT™ motors, bus connected devices, and animeo™ motor controllers communicate via a common network protocol.

**Configurability:** Create individual or group control with customizable intermediate window covering and projection screen positions.

**Flexibility:** Simple to integrate with third party automation systems via dry contact, IR, radio or RS232/RS485.

**Expandability:** Easy to add ILT™ motors, bus connected devices and animeo™ controls to the network to meet changing application requirements.
